- ERSA Summer School, Oviedo, 2024
- CITY-FOCUS Spring School, Iasi, Romania, 2026

RESEARCH EXPERIENCE

Senior Research Support Technician

2026 - Present

C_Innova-SEKUENS Chair for Innovation Analysis, University of Oviedo

Econometric analysis of regional innovation data, technical report drafting, and research support including stakeholder interviews.

Research Assistant — ISABEL Project, University of Oviedo

2025 - Present

Development of an NLP-based tool to automate systematic literature extraction following the PRISMA methodology.

Research Assistant — EXIT Project, University of Oviedo

2022 - 2024

Processing of large census databases; applied econometrics and development of municipal indicators; drafting of academic articles.

Visiting PhD Researcher | Cañada Blanch Centre, London School of Economics and Political Science (LSE)

May

2026 – June 2026

TECHNICAL SKILLS

Programming: R (advanced), Python (intermediate), SQL, $\LaTeX$, QGIS

Methods: Spatial econometrics, panel data, instrumental variables, NLP pipelines, web scraping, machine learning

Data: Large-scale database construction, cleaning, merging; automated data extraction and processing

OTHER PROFESSIONAL EXPERIENCE

Teaching Assistant in Venture Capital — Harbour.Space (Barcelona)

2022 – Present

Course support and content development in early-stage finance and valuation.

Investment Analyst — Trampoline Venture Partners

2021 – 2024

Evaluation of early-stage technology companies; deal flow management and investor relations.

LANGUAGES

Spanish: Native · **English:** C1 (Cambridge Advanced, 196/210)
